**Re: County of San Diego -Draft Supplemental EIR for Forest Conservation  
Initiative General Plan Amendment (GPA 12-004), SCH No. 2012081082:  
Lucas Ranch**

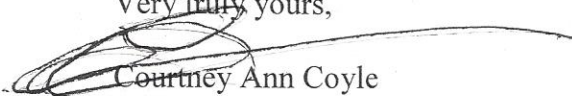

Dear Ms. Fogg:

I write on behalf of Carmen Lucas, Kwaaymii Laguna Band of Indians, and an owner of the Lucas Ranch located within the Pine Valley Planning area. This letter supplements the dialogue my client has had over the last eleven years with DPLU management and staff, the Planning Commission and the Board of Supervisors regarding the proposed land use designations affecting the Lucas Ranch, and supplements our earlier comment letter on the CEQA scoping for this Supplemental DEIR (See, DSEIR, Appendix B).

We have reviewed the maps associated with this environmental document and see that they show the appropriate General Plan density of Rural Lands 40 (RL-40) for this unique property with a unique history. See, i.e., Map, "FCI Lands General Plan Amendment" and Map, "Modified Project Alternative" Figure 4-1C. Should this not be the County's understanding, please contact my office immediately.

Thank you for your continued courtesy and cooperation. Also, should the County have any questions, please do not hesitate to contact me.

Very truly yours,

  
Courtney Ann Coyle  
Attorney at Law
